The Board of Directors of the Better Business Bureau serving Southwest Idaho and Eastern Oregon developed Integrity Counts! in 1997 and has honored more than 489 companies to date. The purpose is to recognize businesses throughout the region for demonstrating a commitment to integrity and ethical business practices. The Better Business Bureau and NNU sponsor the program.

These companies were nominated for *Integrity Counts!* recognition by customers, employees, vendors and the community at large. An independent panel of 15 community leaders, with a variety of business backgrounds, reviewed materials submitted by each organization to determine the list of recipients and honorees. Each of the twenty-nine businesses will be showcased at the banquet. Attendees can honor and network with these businesses in recognition of business ethics.
